Chadsworth's 1.800.COLUMNS is featured in a new book, by Sherri Koones--“*House About It—Dream, Design, Dwell.*” In the chapter on trim, millwork and molding, the author describes the uses for columns, pilasters and pillars, and shows Chadsworth's 1.800.COLUMNS enhancing a piazza.

If you are planning to build or remodel, look no further, and save hours of homework by using *House About It*, the all-in-one guide to turning your dream into a well designed reality. Get information on what to look for in all elements of creating a beautiful home.

“Written so that each chapter is a wealth of helpful tips, pros and cons, and where-to-find-it product information. *House About It* will empower you to make smart choices about the details involved in designing your most valuable asset, your home,” says author Sherri Koones. “I am pleased that Chadsworth cooperated with me in writing this book”.
